

CLASS CAPTAINS

We hope you will consider becoming a Class Captain, an important member of our team. This effort is gratifying and meaningful as we assist these deserving young people in furthering their education. Some of these stories are heart breaking. To be able to lighten their load brings tangible, and intangible rewards that will stay with you and them for a lifetime.

What We Ask Of You

1. A few times a year press forward on your computer and send to your class the information provided by us and The Central Carolina Community Foundation.
2. Continue to add to your mailing list as we search for classmates we have lost touch with.

What We Will Not Ask Of You

1. We will not ask you to raise money by making phone calls.
2. We will not ask you to send any additional mail (snail or email).
3. We will not, under any circumstances, ask for your mailing list.
4. We will not give a quota for money to be raised.

All we ask is that you forward the aforementioned information to keep our Flora family updated on the progress of our Scholarship Fund. Our classmates will do the rest by contributing to help our Flora graduates. We are excited about the possibility of your joining our team.

"If everyone does a little, nobody has to do a lot."
